### **Rides List**

### **Content**

#### ***1\* - CH***

Stability, Rona busy, LGR stability, shrinking pool of leaders

Lost some leaders: Sue/Simon, Rona.

List is ok this time. Discussion about merits of regular structure like Little Green Ride

#### ***2\* - MB***

Struggling to get ride leaders, have filled list, but nothing to spare. It was agreed that we will not use \*\*/\*\* designation unless we have something to distinguish.

#### ***3\* - ST***

I have pulled most of this together - awaiting confirmation from one or two people. We have fewer volunteers to lead the three star rides currently. To fill up the schedule I have included external party events (Audaxes and the like). These can also be used to as an opportunity to promote ourselves? (agreed)

#### ***4\* - RF***

None – not enough demand.

### ***Off Road – CK***

CK: “There are two off-roads confirmed in the next list / I went on the off-road Audax organised by West London CTC yesterday and had a chat with them about linking up for off-road rides, they are in a similar situation to us in that they have some people who want to do off-roading but its very much a minority pursuit. We thought that if we linked to each other’s off-road rides on both our websites that would provide a few more rides for those who want them without any adverse consequences. We also thought it might be nice to arrange a ride together, maybe this August or September, hopefully we’ll get the details in time for the rides list.”

### ***Tours:***

no more tours this year - next years tours to be advertised.

### ***Walks:***

We have walks. PK has been asked to suggest walks on LCC rider – can't do this – LCC rider is only for *rides* - we don't set editorial policy.

Photos / Format: DN in France in 2 weeks, RP take over. Cover Photo (without Michael).

2<sup>nd</sup> draft issued before DN leaves. Handover process. DN will produce a document

## **6. Welfare**

A confidential matter was discussed. Action DMK

## **8. IT - RGP**

Gallery – CH mail bounces on committee d-list – Action RP

## **9. RTTC - ST**

ST: “Regarding the RTTC - thank you to everyone who commented. I was asked to sound out our current membership who might be interested in time trialling if we affiliate. Charlie, Jon McColl, Gerard Street and Martin Hayman, among others expressed an interest. As someone else mentioned, affiliation would probably not be much of a recruitment tool but could help us retain membership who might otherwise join other organisations. I also feel it will enhance what we offer people. I would suggest that we affiliate for the first year and review it when affiliation becomes due.”

It was agreed that the club would fund the first year of membership, and we would then review the level of use when it comes up for renewal.

## **10. A.O.B.**

Dan Van Der Kolk reports that Fuzz now ready to accept some sort of honorific.

Lifetime Contribution Award. HD to talk to Fuzz.

Date of AGM determined by CTC rules.

TFL film – DMK wrote, obtained no response

Phil Benstead has complained about the unpreparedness of riders.

Request for marshals at events – we have no resources – almost a virtual organisation. We will remain focussed on our main objective of running Sunday rides.

## **11. Date of next meeting.**
